

## MID/SENIOR LEVEL WATER RESOURCES ENGINEER

PORTLAND, OR

[www.westconsultants.com/careers](http://www.westconsultants.com/careers)

---

WEST Consultants, Inc. is seeking qualified applicants for a Mid/Senior Level Water Resources Engineering position in our Portland, Oregon location. WEST Consultants is a small business firm providing government and private clients with engineering consulting services. We offer a dynamic work environment where our talented teams are solving some of the most challenging projects in water resources engineering.

### **Responsibilities may include:**

- Hydrologic, hydraulic, geomorphic, sediment transport, and water quality analysis
- Develop numerical models for hydrologic, hydraulic, sediment transport, and water quality studies
- Hydraulic structure design
- Flood hazard delineation
- Design of stormwater management facilities
- Environmental impact assessment and mitigation
- Prepare design and construction documents, figures, maps and graphics
- Prepare technical reports and documents
- Business development/marketing

### **Experience Requirements:**

Minimum 5-10 years related experience.

### **Skill Requirements:**

In addition to being enthusiastic about working in the field of water resources, the successful candidate should have the following skills:

- Excellent communication skills
- Ability to work independently & manage time as well as work as part of a team
- Excellent problem solving abilities
- Familiarity with HEC numerical models

### **Educational Requirements:**

MS or PhD in Civil or Environmental Engineering or water resources related field is required.

P.E. Registration required.

If you meet the qualifications and requirements listed above, and want to be a part of this respected company, please submit your resume to [hrm@westconsultants.com](mailto:hrm@westconsultants.com).
